

# PREPARATION FOR RURAL AND REMOTE EDUCATION PROGRAM

**DATES:** 11th-15th November 2024 Caloundra

**TIME:** 8:30AM – 4:30PM

**COST:** \$1500.00 - Payment plans available

**CPD:** 32.5 CPD TOTAL

PRESENTED BY ROB TIMMINGS

## Five-day seminar – fully catered

Perhaps you have a desire to step out of your comfort zone and embark on an adventure? Perhaps you have a desire to explore Australia while working in a rural or remote location?

ECT4Health has designed a 5-day program to prepare you for some of the challenges of working in rural and remote locations and aims to provide you with the confidence to explore these work opportunities.

This workshop will provide information on chronic and acute presentations, as well as primary health care and considers the needs of a nurse in a rural or remote setting. This will include emergency presentations and chronic health conditions.

There is no competency component to this workshop, it will be up to the individual nurse on completion of this workshop to determine their scope of practice. If you are a rural nurse looking to brush up on the important things, then this course is also for you.
