

3rd – 10th May 2025

Cruising Alaska

Seattle Washington – Alaska & Canada

It's time to venture into the northern hemisphere and see a very special part of the world – Alaska. This is a place of wonder and wilderness with nature in its purest form. The rich culture of Alaska's first Nation people adds to the beauty of this unique part of the world.

Holland America is renowned for its Alaskan cruises and its expertise in navigating these waters.

This 7-day cruise leaves Seattle Washington (USA) and travels past Canada, through the inside passage to Juneau. All transport to Juneau is via plane or ship. It's a great city to explore and discover more about the 3 main local indigenous groups and view some of the incredible wilderness.

The next destination is Sitka, a beautiful place with an interesting mix of Russian and Tlingit history. Nature abounds in Sitka with the Tongass National Rainforest and a dormant volcano nearby.

This cruise also explores the incredible **Glacier Bay**. It is hard to describe this place in words...spend the day on deck looking at the incredible scenery and wildlife and enjoy the narration from the team on board the ship. Dress for an Arctic adventure.

Rob's favorite port of call is Ketchikan. Known as the salmon capital of the world, this town is rich in culture and a great place to explore on foot. This cruise really does explore such a unique part of our world. As is this cruise itinerary couldn't get better, the final port is Victoria for a touch of British Columbia Charm. A moment to dip your toe into Canada. A great spot to explore on foot.

Our rooms on board the Eurodam are all premium midship to maximize comfort. The costs include all taxes and administration fees.
